

welcome!

Welcome to the first edition of Airmail our new quarterly newsletter, which is designed to inform, educate and entertain you.

Independent Aviation are the Air Charter Professionals. Since 1989 we have built an enviable reputation for providing prompt, reliable and innovative solutions in air transport procurement. With the most sophisticated Aviation database in the country, we maintain a great working relationship with all aircraft and helicopter operators Australia wide. As specialists in remote and regional Australasia, we arrange hundreds of charters every month, using aircraft of all sizes and types for every kind of mission. When you really need to fly... have our team of experts do the running around for you, we'll respond promptly with a range of options and a recommendation on the right aircraft to suit your requirements and budget.

2011 in Review

We kicked off the year supporting EMQ with aircraft and helicopters assisting the evacuation and re-supply of regional towns affected by the Queensland floods. Everything from emergency personnel, to sandbags, and cleaning supplies had to be flown in, and as the water rose... we flew the people out! Then cyclone Yasi presented new challenges in FNQ. Large scale evacuations were coordinated, including a couple of rock legends and their entourage the night before the cyclone hit. Forgive the pun, the rest of the year seemed to fly by... a few new staff joined the team and we launched our travel agency service to facilitate an end to end solution for our clientele. We organised flights for everything from visiting dignitaries, to aerial animal surveys, transported the Census forms, supplied aircraft for 'The Straits', coordinated life saving organ transfers and assisted companies moving their FIFO workers more efficiently. *The team were certainly kept busy as we managed nearly 400 charters per month throughout the year!*

Independent Travel Service 'ITS'

Our customers expect exceptional service in aircraft charter. To facilitate the many requests for that extra support, we have recently gained our full travel agency license. It is important to our growth that we provide our customers with the services they need so if you require assistance with commercial flights, car hire or accommodation, we are here to help.

Aircraft Sales & Leasing

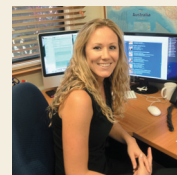

In support to our many operators, Independent Aviation has also expanded into the 'Aircraft Sales and Leasing' market. Shaun Quigley, has taken on this exciting new portfolio.

You can contact Shaun at aircraftsales@independentaviation.com.au or visit our website for further information.

Greenfleet

Since October 2009 we have proudly supported Greenfleet, a not for profit organisation dedicated to offsetting greenhouse gas emissions. Every charter is 100% offset at no extra cost to you and as a result, the trees we have planted have offset 6114 tonnes of CO2 emissions.
